We reserve the right to modify equipment illustrated and described in our catalog or as set forth in our form of quotation consistent with latest trends in design or because of factors beyond our control. Our program of product improvement makes it necessary for new or improved models to be submitted for testing by these various agencies as they are developed. Therefore, not all models bear the appropriate agency approval or certification at all times. Quotations are submitted on this basis. All orders are accepted on this basis.
<b>Prices</b>	Prices are fixed for a period of thirty (30) days following the date of quotation or as otherwise accepted in writing by Legion Industries ("Legion").

Shipments must be made within six (6) months of date of quotation or may be subject to increase in prices, unless price is protected in writing by Legion.
<b>Freight Classifications</b>	Rate classifications are subject to change without notice. Whenever possible, Legion will ship using the most economical commodity rate. Special configurations or non-standard crating (ex., oversized crate) may affect the classification.
